

MINUTES 10/23/2022

23 OCTOBER 2022 / 7:00 PM / ZOOM

ATTENDEES

Steve Engelhart, Tony Ruggirello, Phil Sloan, Paula Kaip, Bill Moosekian, Niki Peltier, Eric Preston, Beth Romanelli Absent: Dan Stock

Motion made by Bill Moosekian to approve minutes from October 8, 2022 meeting. Seconded by Niki Peltier - all in favor.

This meeting was to discuss bids for the ferry landing project. Only one bid came in for work to be done this year. All other bids were estimates for work to be done in the Fall of 2023. Most of the discussion was in regards to the bid from KBE Hoist & Fabrication, Inc. and their ability to complete this project by the end of this year. Although their quote was a bit higher than the other estimates, Bill has agreed to go back to them to see if they would lower their bid to come in closer to the other estimates.

A motion was made by Niki Peltier, seconded by Paula Kaip, that we go back to KBE and see if they will lower their price per linear square foot to \$670 or below. If they agree to that, then the board is in agreement to go forward with KBE for this project.

Meeting adjourned at 7:46 pm
