## AGENDA

Motion to approve the meeting minutes from 10/14/2024 made by Tony Ruggirello, seconded by Paula Kaip. Motion passed.

### BEACH IMPROVEMENT PROJECT:

- We have collected approximately \$25,000 in donations for the playground equipment and beach repair.
- The big play structure, which was financed by RIPOA AND RIF, is to be installed in June.
- Need to make arrangements to remove the old swing set.
- Determined that we should set aside approximately \$10,000 for the beach and water filtration project.
- Need to further research how best to do the filtration process.
- Decided we should wait until the big play structure is in place and the beach and water filtration project is complete before we purchase any additional playground equipment.

Motion was made by Niki Peltier that we at least purchase the Companion Swing (\$2,300). Christyn seconded the motion. Motion passed.

Next meeting is scheduled for Monday, April 28, 2025 at 8:00 pm.

Meeting adjourned.
